

# Resident Engagement Idea of the Week

## **This Week's Idea: Ebenezer Worships with Chaplain Chris Beckman**

During the pandemic our Corporate Chaplain Chris Beckman has been producing high definition worship service videos every week. Each service lasts about half an hour and includes hymns, a sermon, prayers and liturgy. No bulletin is required since the text is printed on the screen for the hymns, lessons and prayers. The entire service is intentionally geared for Ebenezer Elders and is a great activity to engage residents further.

Many sites will create a gathering in their media room or chapel and show the service to residents at an appointed time, others have tried to make it available in each resident's room. There are also Reflections done by Chaplain Chris which are about 7 minutes long and are intentionally ecumenical and intended to reach residents, families and staff.

*These services can be found on the Ebenezer corporate YouTube channel [here](#)*
