Bee's and their life cycle.

Silent Auction Baskets, all proceeds go to  
Walk to End Alzheimer's

## WALK TO END ALZHEIMER'S CLOVER RIDGE FUNDRAISER

### It's Flocking Season

For a donation of \$20 or more to the  
Clover Ridge Place Team and the Walk  
to End Alzheimer's, we will place a  
flock of pink flamingos outside the  
window of your loved one at Clover  
Ridge Place, or a family, friend or busi-  
ness within 25 miles of Maquoketa.  
We will deliver a note explaining our  
feathered friends and that they have  
been "flocked!" by you. The flock will  
nest on their lawn for 3 days then they  
will migrate to their next location!

**CONTACT SALLY TO  
DONATE & SEND A FLOCK!**

**563-581-2697 or  
[welcome@cloverridgeplace.net](mailto:welcome@cloverridgeplace.net)**

**Flocking season runs  
July 12 - Sept. 17, 2021.**

## Having some fun for a good cause!

The Clover Ridge Place Team has kicked it into high  
gear! We have made a commitment to raise \$2,500  
before the first of September as a team goal for the  
Walk to End Alzheimer's. We are well on the way to  
passing that goal!

In June we had a change challenge. That challenge was  
to raise \$200 by the end of the month, WE DID IT!!  
\$202 to be exact.

In July we kicked off the  
Flocking Fundraiser with  
a musical event at the  
Jackson County Fair  
Grounds, and were able  
to add another \$448 to the  
pot. With the National  
Hot Dog day and Car  
Show event another \$686

Amanda & her boys serving Ice Cream.

was added, not to men-  
tion the \$240 flocking donations. Currently we are at  
\$2,026 with all donations and walk registrations, and  
more coming in daily. As you can see we are well on

our way to exceeding the  
\$2,500 goal that was set.  
We are raising the bar and  
now going for \$4,000.

We hope you join us for our  
current silent auction.  
There are 16 baskets to bid  
on. Bidding will stop on  
Saturday, August 7th at 2:00  
P.M. with winners an-  
nounced after that. You can  
find the baskets in the din-  
ing room at Clover Ridge

Marion, her grandson & Jim S

Place and we will be going on the road as well. Tue.  
Aug 3rd, from 4-6 P.M we will be at the Maquoketa  
Farmers Market, and Thur. Aug 5th from 4-7 P.M we  
will be at the Green Space down town Maquoketa at  
the Summer Concert. Come see us, check on your bids,  
schedule a flock to be sent to family or a friend, sign  
up to be on the Clover Ridge Place Walk to End Alz  
team!

We look forward to seeing you soon!  
**Sally Davies, Community Relations Coordinator.**

## Clover Ridge Place is excited to introduce Season Kutsch, RN, BSN Health Care Coordinator

Season is originally from Goose Lake area. She moved to Maquoketa in the 7<sup>th</sup> grade and graduated from Maquoketa High School in 2001, attended St. Ambrose University graduated with her BSN and a minor in Biology, in 2005.

Season and her husband Dylan live on a farm outside of Springbrook, where they are raising their three daughters, Addi, 8, Sadie, 5, and Mallory 4. The girls go to school in Bellevue. They have a yellow lab named Comet, who is Dylan's only male ally in the house. They enjoy spending time with their animals. They have goats, sheep, chickens, ducks, guineas, a donkey, pony, rabbits, and hamsters.

In her spare time Season loves to garden, they have strawberries, raspberries, and blueberries. Although it is a struggle to get the berries to the table as the girls love to eat them all before, they make it to the house.

Season's first job was as a CNA at Maquoketa Care when

she was 16 and that is where her love of nursing grew from. She was a CNA for over 6 years prior to receiving her RN license and has been an RN for 16 years.

She has worked in the hospital setting in cardiology and critical care and in 2018 switched to Long Term Care and Assisted Living nursing.

"I am really excited to be part of the Clover Ridge Place team and looking forward to meeting everyone!" says Season.

Please stop in and say hello when you are in the community. The nurses office have moved, you can find them in the West hall right off the court yard.

**Amanda Widel, Manager**

This is a change from our normal meeting day. It is only for the month of August 2021.

### Caregiver Support Group

**TUESDAY, AUGUST 10**  
**1:30 P.M**

**In Person at**  
**Clinton Engines Museum**

607 East Maple Street, Maquoketa, IA

**Or Via Zoom**

To get your zoom link or for more information contact Sally Davies at 563-581-2967 or email [welcome@cloverridgeplace.net](mailto:welcome@cloverridgeplace.net)

Facilitated by an Alz. Association volunteer. Support group suitable for family and friend caregivers.

### SWEET SUMMERTIME!

#### SWEET COMMUNITY MEMBERS!

A big thank you to all those who have donated their fresh produce to Clover Ridge this summer! Residents have enjoyed the corn they have husked, as well as, the cucumbers, zucchini and rhubarb that has been brought in by area gardeners. As a reminder we are only able to accept produce that has not been altered, so if you are going to bring your overabundance, please bring it with the husks or peels left on.

Thank you again for your donations!

Barb Ihrig, Culinary Coordinator

### Adaptive Equipment /Assistive Devices

Whether it is an assistive device or adaptive equipment that you need, NIT Occupational, Physical and Speech therapists are here to help you!

What's the difference between an assistive device and adaptive equipment?

An **assistive device** is meant to aid a person in completing a task that they otherwise won't be able to perform. An assistive device may help you see, hear, walk, dress/undress, eat, and communicate.

Some commonly used assistive devices include:

Magnifying glasses or advanced software that help people with limited vision to read properly, walking aids such as a cane, walker or crutches, mobility including wheelchairs, scooters, stairlifts and dressing aids such as a shoehorn, dressing stick and long handled sponge.

**Adaptive equipment** is really modified versions of already existing assistive devices.

Some common examples of adaptive equipment include:

Specialized grips and handles to utensils and cups to allow people to hold objects, sip-and-puff systems which help people to operate a computer, use a mobile phone, move a wheelchair without using their hands and an adaptive keyboard that has raised areas so people can place their hands on them to slide their hands to find the keys rather than striking the keys as normal people do.

If you have questions about whether an assistive device or adaptive equipment can help you or questions about how to use your current device/equipment, please reach out. We look forward to speaking with you!
