Other services may be provided by independent healthcare providers. Such services may include but are not limited to pathology services and/or radiology services and/or physician visits and therapies. These outside services will be billed directly by the outside provider. ABHC does not negotiate or control those charges or reimbursement rates.

Below are the payor specific reimbursement rates for the above services. If a payor does not have a listed rate there is no negotiated or contracted rate with that payor for that service.
