

Resident Engagement Idea of the Week

This Week's Idea: Furry Farm Visitors: Llamas

Community and Team Member: Active Living Director, Marty Hanson and the Director of Sales and Outreach, Maria Randall at The Sanctuary of Brooklyn Center

Instructions:

Llamas from Carlson's Lovable Llamas in Waconia, MN came to a special event at the Sanctuary of Brooklyn Center to offer some pets, hugs and much needed joy. The weather was not cooperating with the event taking place outdoors, so the llamas went inside to say hello to everyone. They even went up the stairs to the 2nd floor and spent time in the Memory Care. Here is their website: <https://www.carlsonslovablellamas.com/>

How It's Going:

The llama's brought resident's and staff so much joy.

"I wish you guys would have seen the resident's faces when the llamas were just casually walking down the hallways, too funny! Everyone loved it!" – Maria Randall
