The LifeTime Promise™ is one of the new programs offered by Compass Senior Living for Absaroka Senior Living with no rent increases or care levels ever. That’s our promise to you!

CL: Tell me more about the LifeTime Promise™. Why are you offering this?

Jean: We recognize that it is a challenge to plan for the costs of eldercare. The reality is that even for the healthiest older person, care increases over time. We recognize the need for senior housing and care to be affordable and predictable.

CL: When is this option offered?

Jean: The LifeTime Promise™ is offered at move-in. Our Wellness Team will do an evaluation, and based on your needs, a level of care will be calculated. Once the level of care is determined you will be offered two options.

You may choose to agree to pay the monthly base rent plus the assessed level of care. The level of care may change based on the changing health of the resident. Our Wellness Director does an evaluation every 3 months, or more often upon change of condition. If the care needs to change, the new care level fees will be invoiced the month following the evaluation. Additionally, one time a year there is a typical rent increase that may be between 3% - 5% of the base rent.

Our Wellness Director will do an evaluation to determine your level of care. You will be given the option to pay up to the next higher level of care and ‘lock-in’ your monthly fee! Even if your care levels change over time, you will never have an increase in care costs. Additionally, there is no annual base rent increase – ever! This is our LifeTime Promise™ to you.
