A Note from the Director

Growing up on a farm and being an athlete gave me the driven and outgoing personality I have today. When not working to find your next neighbor here at Edencrest at the Legacy you can find me with my partner Kaitlin; camping, hiking, biking and anything in the great outdoors while looking for the next adventure and/or travel destination. Oh, and if you can't find me in the great outdoors you might be able to find me cooking the next gourmet meal and finishing it off with a slice of my favorite desert- Cheesecake.

Don't be shy and say "hi" when you see me in your community and tell me all about your favorite place you have traveled!!!

Totally Rolled Ice Cream
