Fall is officially here! With the crisp air creeping in on us, fall is a time to reflect on prosperity, wealth and abundance. Wealth in friendship, things to be thankful for and family to celebrate. Last month we celebrated 'Assisted Living Week.' We have an abundant amount of gratitude for the residents who live in our community, the families who entrust us with their loved ones, and the staff who put their heart and soul into their work every day. While we appreciate our residents, their families and our staff all year we enjoyed a fun filled week of activities such as a Slumber Party day, where we ordered pizza, watched a movie on the big screen with lots of movie theatre treats, we indulged in a resident favorite of an Ice Cream Social where we enjoyed banana splits and ice cream sundaes, the 'Kona Ice' shaved ice truck made an appearance and we all enjoyed a cold treat on a hot September day, we also had the local Dixon Police Department join us for 'Cookout with a Cop! Thank you to everyone who participated in this week of gratitude and helped us celebrate.

Leon enjoyed his banana split!

Daisy & Andrea are comfortable in their pajamas on pajama day!

Lois was a big fan of Kona Ice!

Claudia, Leon & Charlotte enjoyed theatre

Happy October Birthday to:
Residents: Corrine & Barb
Staff: Kassandra, Carol, Sierra and Skyler

Dare to dream

Some would say, “If you’re lucky enough to know Charlotte, consider yourself lucky”. Charlotte recently celebrated her 94th birthday and as an added surprise Charlotte was the recipient of our ‘Dare to Dream’ program. Charlotte is a 1945 graduate of Dixon High School and she frequently talks about how much she loves her school. One morning Charlotte woke up and thought it was like any other day that she was going

bowling, but Liberty Court had something else in store for her. Kaleel’s Clothing & Printing made Charlotte a personalized ‘Class of 1945’ shirt, Dixon Floral made a beautiful corsage and a 1955 Belair Convertible picked her up to go to her beloved Dixon High School for a private tour, where she stopped at multiple classrooms to say hello to the students and give them all a special message. Charlotte’s family was there to surprise her as she excitedly hopped in the convertible. Following the tour of the high school, Charlotte and her family enjoyed lunch on the deck at Palmyra Pub & Eatery, where Charlotte told us multiple times how much she enjoyed this very special day.

The ‘Moore Room’ Dedication

While Dave Moore is not with us in the physical world he will live on within our community. The Moore family made a generous donation to the Activity Department that was put to good use. The previous Memory Care dining room was converted into the Activity Room that we filled with new games, puzzles, art/craft supplies, and much more. We paid tribute to Dave and declared the new activity room be now called, “The Moore Room.” Since the transition was made the room is filled with residents throughout the day enjoying a variety of activities. We cannot thank the Moore family enough for their kindness and generosity.

Nancy & her daughter Becky joined us for the dedication of the Moore Room

We had some tiny helpers at the Alzheimer’s Association walk and our beloved Vinny was also there to help us raise awareness!
