September Celebrations

Football FUN fAcTs

- 1) Football was invented in 1882, which makes it only 132 years old.
- 2) Collage balls and professional balls are different!
- 3) Why is a football such an odd shape? The first footballs were made from inflated pig's bladders, which look kind of like the oval shape of a football.

Update from Amy!

It's been a few short weeks since my transition to Prairie Hills Independence. I've gotten to know several residents and their family members! What a great group of people! As the Director at Prairie Hills Tipton, I knew I loved my job and every perk that comes with it. Now that I've had a chance to get my feet wet at Independence, I'm 100% confident that Senior Living is my passion! Everyone has been so welcoming, and I can say that I feel as if I've known everyone here for years!

October is my favorite month of the year! I love Fall!! Football (Go Hawks!), bonfires, pumpkin patches, apple orchards, you name it! October also brings a very special holiday to several of us in the Midwest – Thank a Farmer Day! I'm from a large family of farmers and I know farmers don't receive enough recognition. We'll be out delivering lunches on October 12th to all the deserving farmers, past and

current! Please RSVP and let us know when and where to bring your lunch!

Healthcare Corner

Hello! Happy Fall!!! This is definitely my favorite season! Flu season has approached us! We are having our annual Flu Shot Clinic on October 27, 2021 at 1:00. Hartig Drug out of Dubuque will be doing it. I do believe that they will also be giving the COVID-19 booster shots that day. That has not been 100% confirmed yet, as Hartig Drug is waiting for guidance from the CDC. Please feel free to call anytime with questions!

Kelly Dirks, LPN

Life Enrichment

Happy Fall! Fall is my FAVORITE season, pumpkin patches, leaves changing colors, football and pumpkin spice! We have a lot of fun fall activities planned such as fall crafts, pumpkin decorating, fall snacks, delivering meals to farmers, drives to look at the leaves, trick-o-treating drive thru!, and so much more! I am always open to new ideas and suggestions, feel free to reach out to me!
