Speed Cleaning Tips

Need to clean your home quickly because a friend or relative is dropping by unexpectedly? Use these tips to help give the appearance of a clean home.

Narrow Your Focus - Concentrate on the entryway, living room, kitchen and the bathroom your guests are most likely to use.

De-clutter - Grab a box or laundry basket and toss clutter from the entryway and living room into it to hide in a spare room or closet. Straighten books and magazines, neaten and fluff blankets and pillows. Clear off kitchen counter, put dirty dishes in the dishwasher. Hide kitchen clutter in the oven in a pinch. Clear toiletries from the bathroom and stash them under the sink. Throw away trash. Close doors of any cluttered rooms.

Wipe Down and Vacuum - All-purpose cleaner is your friend. Use a cloth or vacuum to dust tabletops and bookshelves in the living room. Wipe down the kitchen counter, spot cleaning other areas if necessary (fingerprints on fridge, food splatters on stovetop, etc.). Pass the vacuum over the floors and spot clean hardwood floors if necessary. In the bathroom, wipe down counter, sink and mirror. Scrub toilet seat and bowl. Close shower curtain.

Hospitality - Make sure clean towels, soaps and toilet paper are in the bathroom. Chill water or other drinks and find clean drinking glasses. Light a candle or spray air freshener.
