### A Note About Late Fees

During these unprecedented times, we took the step of waiving late fees from April through October to provide you with flexibility as we all navigated through so much uncertainty. **Beginning November 1, we will be reinstating late fees for rent.** If you are struggling with paying rent on time or having difficulties keeping up with your rent, please, let us know as soon as possible so we can help you with your options. We want to do everything we can, within reason, to work with you to find a solution. If you have not paid rent and you have not been in contact with your leasing office to make payment arrangements, you are at risk of being served some type of legal notice. We're always here to listen and help you find assistance if needed.
