New Year's Resolutions in 2022

Inspired by healthinaging.org, these simple but effective New Years resolutions are sure to help anyone who is looking to make the most out of 2022. Here are just a few ways that you can better yourself as we begin the new year:

Stay sharp! – Being mentally active is a sure-fire way to help your brain stay healthy and alert. Whether it's getting lost in a good book, playing a board game with a loved one, or simply sharing a childhood story with a close friend, the benefits of keeping our minds engaged is just as beneficial to the brain as it is to opening our hearts. Need a place to start? Talk to any member of our team about our *Artisans* program, where you'll be engaged by creating arts and crafts up to twice weekly!

Keep Active! – Equally as important to our mental health is our physical health. Even as we age,

keeping physically active can not only be safe and healthy, but it can help us stay happy and healthy for years to come. Talk to any member of our team about our *Vitality* program, where we provide opportunities for physical movement up to three times a week. We'll be more than happy to talk to you about your comfort level, what you can do, and how we can help you get started!

Explore a New Passion! – As a resident of our campus, there's never been a better time to pick up a new skill or hobby. With our *Lifelong Learning* program, we're

proud to teach courses in topics including art, computers, history, humanities, international studies, languages, music and performing arts, psychology, social studies, recreation, science, health, and math. Talk to any member of our team about what interests you today!

Whether you're looking to make a change or already love the life you're living, we're here to support you every step of the way. For more information about any of these resolutions, talk to our Life Enrichment Director today. Happy New Year from our family to yours!

Happy Birthday!

Executive Director Corner

Welcome to 2022!
I hope that everyone had

a wonderful holiday and New Year. Being able to celebrate the end of 2021 with so many familiar faces not only was a perfect sendoff for the year that we just had, but perfectly captured the spirit of the year that we look forward to having here in 2022.

As we continue to stay warm, I want to give a huge "thank you" to everyone who participated in our 2021 Hope for the Holidays campaign. Driven by the kindness of our friends, families, and residents, our campus was proud to make a meaningful contribution to our local charities this

past holiday season. Stay tuned for additional updates on how much of an impact we were able to make!

In the coming weeks, we'll have more to share about everything that we have planned for 2022 – from Theme Dinners, community outings, retreats, and more. And if there's anything in particular that you want to see happen at our campus, be sure to talk to our Life Enrichment Director. They'll be happy to hear from you!

Let's have a great 2022, everyone!

Yours in Service,

Scott Piotrowicz
Executive Director

RESIDENT SPOTLIGHT

Resident Elma S. recently celebrated her birthday and was eager to share the celebration with all of her friends and fellow residents in the campus. We enjoyed an extra special Happy Hour and had an afternoon to remember! Happy Birthday Elma!

Sunday Brunch

Brunch is back!! As some of you may remember and as many of you may not be aware, Trilogy campuses host a monthly brunch! This was not possible during the rough times we had during the COVID pandemic, but we are now officially back up and running. Join us every third Sunday at 11am-1pm for a buffet-style brunch. Each resident is welcome to have two complimentary guests and any additional guests are \$7 per ticket.

Volunteering

If you or someone you know would be interested in volunteering with our Life Enrichment department, please reach out to Alyssa Gneiding! One opportunity we currently have is parishoners from St. Maria Goretti church who provide communion for our Catholic residents on a weekly basis. In addition to this, they provide so much happiness and care for ALL of our residents!

VITALITY PROGRAM

Did you know we host an exercise class every morning Monday through Thursday at 10am? Join us in the second floor gym to start your morning with a revitalizing class focused on stretching and getting your blood flowing!
