★★★★★★ By Emily

*Heritage Hill Senior Community offers an amazing sense of community where you could not help but feel right at home. Their staff has such dedication to their residents that you can see how much of their heart and soul is put into making each patient and loved one feel valued and special. I could not recommend a facility enough to a fellow peer searching for the right placement for themselves or their loved ones. A facility that goes beyond extraordinary.*

*Heritage Hill Senior Community was lovely. The staff was very friendly. They were very open and welcoming to patient visitors. The residents were very active, and they had a lot of activities for them to do. They offer a nice dining hall, a courtyard with gardening, social activities, beauty salons, worship services, and organized outings.*

*Every Single person, we have come in contact with, are so far beyond phenomenal! My mother is so happy and loves everyone. We've had her in Nursing homes before, however, nothing like your facility. If I have questions, there is always someone to help, and mom is soooooo happy! Thank you all for EVERYTHING!*
