Creative Fitness & Hydration Ideas for Older Adults

Follow your medical professional’s advice and speak with them before changing diet, exercise, or supplements.

Physical fitness and staying hydrated, while naturally easy and fun for some, can seem intimidating for others. Look forward to creative approaches to both this Senior Health and Fitness Month!

Fun Fitness

For most of us, there’s some type of physical fitness that appeals (workout machines, sports, dance, yoga, swimming), but sometimes creativity spurs extra motivation! Think outside the box with ideas like: in-air arm swim strokes, hula hooping laughter yoga, gardening, soft darts, bean bag toss, bowling, croquet, mini golf, striking poses and holding them, noodle ball volleying, and scavenger hunts.

Our community uses It’s Never 2 Late (IN2L) that has many fitness avenues, from Conductorcize and Sit & Be Fit to Tai Chi and Chair Chi (for varying fitness levels). Explore the features with our life enrichment team.

Themed Walks

Walks can be more fun when paired with an activity. Consider a bird walk, tree walk, or flower walk and mark observations with a field guide book. Get artsy by collecting flowers for pressing. Head out on a nature walk where each walker collects a leaf, twig, rock, wildflower, blade of grass, etc. Paint positive-message rocks and on a walk leave them places for others to find. Other ideas: museum walk or mall-window shop, or see which walker can write down the most street sign names or models of cars spotted.

Physical fitness is important for older adults. It makes activities of daily life easier to do, and it helps with bone density and muscle strength. An added bonus is a decreased likelihood for falls.

Hydration Elation

For older adults, hydrating is especially important as thirst tends to decrease with age. Water doesn’t have to be the only source for hydrating though. Some foods high in water content include celery, cucumbers, watermelon, cantaloupe, strawberries, bell peppers, grapes, and tomatoes. Soups, broths, and stews also can increase fluid intake, but watch for sodium content. When it comes to beverages, add some excitement to water with fruit or mint infused in it, or try milk, coconut water, or herbal caffeine-free teas like hibiscus or chamomile.

Share Your Best Fitness/Hydration Idea

We hope you are inspired by these out of the box ideas for fitness and hydration! Did you think of a fun idea you would like to share? Please do so on our Facebook on the 1st!

Staff Spotlight: Carrie R.

We want to shine a light on and congratulate Carrie on her 8th Anniversary here at Farmington Square!

Carrie has worked as a caregiver for 22 years now and she shared that she doesn't have any grandparents so she has adopted our sweet residents as her own!

Her favorite thing is getting to know them and listening to their stories of years past and how they randomly say funny things that make her laugh!

Carrie is such a hard worker and even with maintaining another full time job she comes in with an upbeat attitude and smile on her face!

We are so honored to have such an amazing team member and thank her for all of her years of hard work and dedication!

Resident Spotlight: Lynn R.

We are excited to spotlight our long time Resident Lynn! Lynn has lived at our community for more than 7 years now and what a joy he is to be around!

Lynn has had a very adventurous life, He was an elementary school teacher, worked in construction, was a pilot who taught others to fly, and also enjoyed racing motorcycles! Lynn loves to joke and laugh with all of us and share fun stories of the good ol' days!

You can often find Lynn outside sun bathing while the weather is warm and He really gets a kick out of feeding peanuts to our community squirrels and wildlife!

We are so happy to have shared so many years of fun and laughter with Lynn and look forward to many more!
