**From The Directors Desk**

Here we are in the month of May! Flowers blooming, birds chirping and each day keeps getting more beautiful! Let's keep our fingers crossed that the snow stays away! May is a month of change all over the world. In the Southern Hemisphere, the nights are getting colder and darker and in the Northern Hemisphere the days are getting longer and warmer. As the weather continues to get warmer, we will begin to plant our vegetables in the garden, enjoying the sunshine and fresh air! I look forward all the fun we are going to have this Spring!

Sending sunshine and rainbows,  
Sandra Bucher
