What is your favorite part of Spring?: Warmth!!

What do you love most about your job?? Conversations with the residents

Is there another employee who has helped you become exceptional??

My sister, Brittney

NURSING UPDATES

We are very excited to announce that Nicole Tysk has accepted the role as our Assistant Director of Health Services!! Please help us congratulate her to the position!!!

Executive Spotlight

Happy Spring! I hope the temperatures soon reflect it and we can get outside and enjoy it. May is looking like a fun filled month with our Spring Showcase, Mother's Day Tea and the chance to observe some talented dogs being trained to locate items by scent. We will also have a few new residents moving in, so please be sure to give them a warm Arbor Glen Welcome

Ann Grode

Executive Director

Resident Spotlight

Mae Mandel

In preparation to recognize Memorial Day, I interviewed Mae, one of our residents who has experienced over 100 years of history. Mae was born in 1920. In 1940, on her way home from working at Brown and Bigelow, during a memorably unforeseen snowstorm in the Twin Cities, she got stranded at a street car stop. It was in those few hours that she met Larry, the love of her life. In Mae's words, Larry was "sweet all the way down to the tips of his toes". He also dreamed of serving his country in the U.S. Navy. She supported him in his goals, and he signed up for 6 years.

Then spending much of their first few years together traveling across the world as their relationship grew through letters and trust. They got married in 1944, when he was home for a leave, and welcomed their first child, a girl, in 1945. Larry was home with them for a day after baby Marty arrived, and then deployed for another 15 months. He was honorably discharged at the end of his term in 1948, shortly before the birth of their second child, Tim. They began a new chapter following this, creating a beautiful life and family that they shared for over 60 years.

I asked Mae about the most valuable thing they learned as a couple, going through the experience of being apart while he served. She confidently answered "Faith". In a situation where so many things were out of their hands, continuing to be there for each other and pray for each other connected them. She got emotional telling me that there were so many times when they looked back and realized that they had faced dangers and obstacles they often didn't even recognize in the moment but they came out safe and happy on the other side. She said she could not have had a better partner to go through life with.

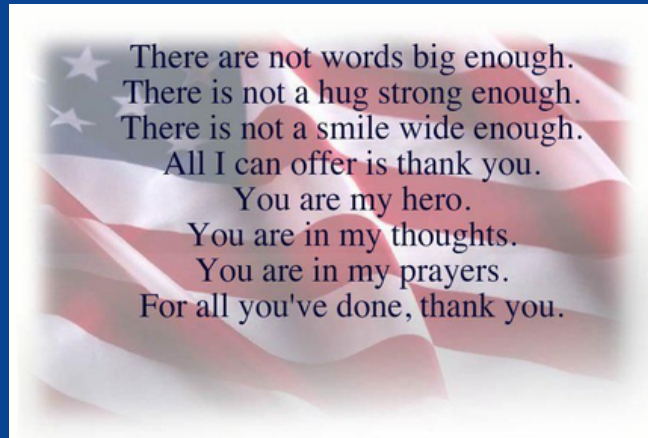

As the world around us continues to struggle, stories like Mae's are a ray of hope. Throughout history, love and persistence have prevailed through wars, economic declines and cultural revolutions of all kinds. The media shows us examples of every kind of disheartening news, but don't forget that in our everyday lives we are surrounded by real stories that can remind us there is so much good, too. Chat with your neighbors. Share a smile with visitors. Thank our veterans, who kept and continue to stand up for us.

Happy Memorial Day

Resident Spotlight done by:
Maggie Spitzer, Reception

In Memoriam to our Veterans that have passed

We honor them on this Memorial Day

Daryl Koch, Spouse of Jane Koch, United States Army

Richard Hoffman, Spouse of Mary Beth Hoffman, United States Army

Richard "Dick" Bancroft, Spouse of Debbie Brancroft, United States Marine Corp

Larry Mandel, Spouse of Mae Mandel, United States Navy

Norbert Newton, Spouse of Dody Newton, United States Air Force

MAY HOROSCOPE

In astrology, those born May 1–20 are Bulls of Taurus. Like bulls in a pasture, Taureans enjoy relaxing in serene environments. They also work hard and expect a reward for their efforts. Those born from May 21–31 are Twins of Gemini. Perhaps because twins are born with a companion, Geminis love to communicate with others. They are flexible and clever extroverts who can make persuasive arguments.

RESIDENT BIRTHDAYS

Jan Strand = 5/2
Joan Dembouski = 5/5
Mae Mandel = 5/5
Rita Becker = 5/6
Jim Ferraro = 5/7
