What is Polypharmacy?

Join us to learn more about polypharmacy and its importance as people age and become frail. Seniors tend to have more health issues and can take more medication than any other group of people. Dr. Peter Dashkoff, a hospice physician, will give helpful tips and suggestions as to the safest way to take multiple necessary medications.

WEDNESDAY, MAY 11 | 2PM

**RSVP to (928) 459-SENIOR (7364)
