Another Rehab Therapy Success Story

We recently rehabilitated an 84-year-old female who was hospitalized after sustaining a fall. The fall resulted in a displaced comminuted left humerus fracture, and she underwent surgery for a reverse total shoulder replacement. She was also found to be Covid positive.

Interestingly, studies have found that symptoms such as falls observed in older adults can be associated with Covid-19 infection.

This patient lives in an apartment independently. She was driving and completing all mobility independently. She was

babysitting her 4 1/2-year-old granddaughter every day and taking her to school. She was completing all her own cooking, cleaning, and grocery shopping.

She was motivated to get back to taking care of her granddaughter, she worked hard in therapy to regain her strength and independence. Her left arm was in a sling, so she had to re-learn how to dress herself, prepare meals, transport items, and walk with a cane. She was able to return home alone with supportive home health services and intermittent assistance from her daughter.

Visitation Guidelines:

Our staff will assist you upon entry. Everyone is required to wear a mask (provided) and complete our covid-19 screening form for visitors.

Everyone is welcome to visit with appropriate PPE and health screening at the door!

Upcoming Events

Activities will be having regular bingo outings to the East Troy Area Community Center. We thank them for their hospitality.

We have added Roku TV to our Fireplace room. The residents are enjoying the new viewing selections, fitness programs and wide selection of music.

On the afternoon of April 17th, the Easter Bunny will be visiting the Manor!

Activities

East Troy's Little Prairie Primary School 5th graders celebrated Reading Comes Alive Week with three visits to East Troy Manor. Their top readers all read aloud from their favorite books and our residents adored seeing and hearing them! We here at the manor are looking forward to even more events and activities with Little Prairie students.

Valerie the Accordion Lady was in-house! The residents are glad to have Valerie visiting on a regular schedule again. Her upbeat music had everyone smiling and feeling great.

We had a great visit from the WCTC Dental Hygiene Program students. Residents' questions were answered, and they were given great advice about dental and denture care, along with very practical free samples.

Happy Birthday!

Best wishes to our residents and staff celebrating birthdays this month.
