## May Newsletter

Spring has sprung! We are finally able to enjoy some much needed fresh air. Flower beds have been planted as well as our new established vegetable garden. We cannot wait to eat the “veggies” of our labor, and enjoy the beautiful blooms. A special thank you to Daisy’s family for their time and energy in creating a beautiful scene in our raised garden beds.

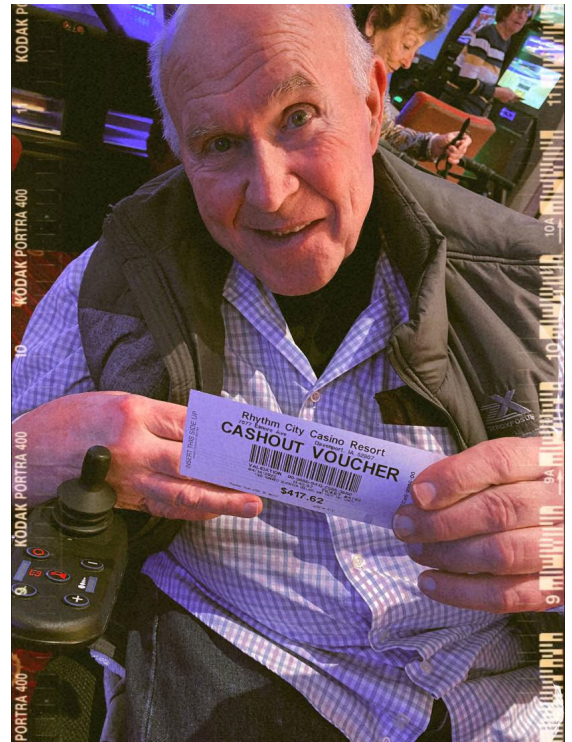

### Ms. Rosalie Pettengers Dare to Dream

Ms. Pettenger has been a resident here at Liberty Court since 2020. She expressed interest in wanting to visit Madison school and see her old school. So we made it happen! She was a music teacher at Madison for 24 years, at one point she was the only music teacher for grades K-8. Until she told Mr. Webb and he hired a music teacher for every school. Then Ms. Pettenger made the jump over the Lincoln school to teach music for 1 year. Then for a change of pace she decided to teach 3rd graders for 9 years before retiring in 1993. She was then the music director at her church for another 12 years. She was recognized by a few past students just walking into the doors. Our very own, Rick Shroyer was one of her past students. We were very thankful that her son, Mr. Ryan Pettenger was also able to join such a wonderful afternoon.

Leon Boehle has been a resident at Liberty Court since 2019. He has spent most of his life being a farmer and taking care of others. When approached about what he would love to do for a day, Leon simply said he wanted to gamble. He picked Rhythm City Casino in Davenport, Leon invited a few friends and allowed some Liberty Court staff to tag-a-long for the fun day, we even ran into a few more friends while there! We enjoyed gambling at the casino, and of course it was only fitting that Leon was our big winner of the day. This great bunch had a delicious lunch at Machine Shed in Davenport. Everyone had a fantastic day, and a well earned nap was had.
