Growing and Learning Together
in a Loving Environment

INFANT CLASSROOM

Our infant classroom, for babies from 6 weeks to 16 months, is situated in a safe and welcoming area. Our professional teachers are well-trained, dedicated and provide a loving, nurturing environment. We provide daily communication about your child's schedules, napping and well-being throughout the day.

TODDLER CLASSROOM

Our professional teachers work hard to help our tender toddlers become more independent, creative and self-assured through learning and play. Our goal is to tailor the class experience to each child's individual needs to ensure they can achieve the skills they need to move to the next level of development.

YOUNGER PRESCHOOL

Our Young Preschool classroom has an inviting atmosphere that encourages children to laugh, learn and play. Our trained, professional teachers integrate learning opportunities through stimulating, educational activities and play. We help to prepare each child and provide the beginning foundation to be successful in everyday life.

OLDER PRESCHOOL

Our Older Preschool classroom continues to prepare your child for a successful kindergarten experience. Our trained teachers provide your child with the experiences they need to be successful by providing lessons, using a variety of methods to ensure each child's individual learning needs are met.

INTERGENERATIONAL PROGRAMMING

Ebenezer Ridges brings young and old together by providing daily opportunities to connect, interact and build friendships through our staff-supervised activities. Intergenerational activities include: story time, science programs, special meals, MacPhail Music Program and other community partner events!

GROWING AND LEARNING TOGETHER IN A LOVING ENVIRONMENT
