### **Looking Forward Toward Improved Eye Wellness**

Follow your medical professional's advice and speak with them before changing diet, exercise, or supplements.

Do either of these scenarios sound familiar? You're excitedly diving into a new book and you need to squint to see the words more clearly—or you're taking a walk and you look to the street signs, but they're not as clear as you expect them to be. Both frustrating instances example changes having occurred in the eyes. Fortunately, this Eye Exam Month, we've gathered insight that may be helpful toward improving eye wellness.

One of the best ways to stay on top of eye health is to have annual eye exams. That is at the top of all eye wellness insights we have to share.

Proactive measures through lifestyle are also important. Some recommendations from the National Eye Institute include having a diet rich in fruits and vegetables—particularly dark, leafy greens; maintaining a healthy weight; wearing glasses, goggles, and safety shields as appropriate; avoiding smoking; reducing screen eyestrain by looking 20 feet before you for 20 seconds every 20 minutes; and cleaning hands often to avoid infections.

Knowing family eye history, and being educated about vision issues and symptoms is also helpful toward eye wellness. People with diabetes, high blood pressure, or medications that affect eyes have increased risk for vision problems.

When it comes to older adults, there are specific eye issues to watch for. A few include:

- Dry eye, in which not enough tears or quality tears are made, leading to poor vision
- Age-related macular degeneration, an issue that causes central (not side) vision loss. The

macula of the eye allows for fine detail and color, so when affected, reading, watching tv, and recognizing faces could be challenging.

- Cataracts, cloudy areas in the eye lens (usually in both eyes, to different degrees) can cause blurry vision, poor contrast awareness, dulled colors, and glare sensitivity.
- Glaucoma, a group of issues which damage the optic nerve, can in time take away side vision. While glaucoma is often painless with no symptoms, older adults are at risk for it.

With all that in mind, there are many ways to help vision conditions, per the American Optometric Association. Some optometrists have rehabilitation programs to help with low vision for daily routines. There are also many prescription devices, like spectacle-mounted magnifiers for close tasks; hand-held or spectacle-mounted telescopes for near and far vision; handheld and stand magnifiers to assist with short-term reading; and video magnification that enlarges items on video.

Let us know if this information has been helpful for you in the comments section of our newsletter Facebook post on the first.

Staff:

Amanda: Aug. 5 Fran: Aug. 9 Isiah: Aug. 24

Jessenia: Aug. 29

Those born in August are either Leo (Aug. 1-22) or Virgo (August 23-31). The birthstone for August is peridot. The birth flower for August is the gladiola. August babies are said to be natural leaders and teachers who thrive in the spotlight. They can often be described as charismatic.

**Staff Spotlight: Fran** 

Fran is our new activity assistant. She was born and raised around the area, calling her hometowns St. Paul and Molalla. Fran married her partner last summer and they have three dogs: Jax, Cardi and Luna.

She enjoys gardening, house plants, baking, art and video games. Fran also raises bugs, like exotic breeds of Mantis's and Stick Bugs. Her favorite colors are green and purple. Her favorite drink is a Pink Drink from Starbucks.

**Resident Spotlight: Ray** 

Ray grew up in California, and moved to Oregon 18 years ago. He lived in Estacada, Milwaukie, and Turner, before moving to Woodburn. Ray has lived here for about 10 years. He worked on X-Ray film processors and did some security for jobs. He had the opportunity to work with Nasa and saw the Hubble Telescope get loaded up.

Ray is always participating in activities and is very active in his church community. He enjoys gardening, and has a special love for strawberries.
