Spotlight

Residents - if you park your car in the outdoor parking lot - please give the front desk your make/model and license plate number for our records. This way if we need a vehicle moved - we know who to speak to.

Also, we will be re-stripping our parking lot soon and will need to contact the folks whose vehicles are outside - so stay tuned and let us know the above info ASAP!

Thank you!!

Services Director

Resident Spotlight

This month I am featuring a resident who always helps me to appreciate little moments. Lorraine always smiles when she sees me and humors me while I ramble on about my day. She's taught me a couple little tunes that we sing together and that I have in turn begun singing to my sons. She's very maternal and caring and especially loves when we have animals and babies visit. Becoming friends with Lorraine has taught me to slow down and see how many beautiful, funny, and inspirational things are happening around me all the time, amidst the bustle.

NURSING UPDATES

- We continue to be COVID free! Please continue to be diligent regarding infection control by utilizing hand sanitizer and washing hands frequently.
- As we roll into this new billing system and care levels, there may be questions on how these are being calculated, please feel free to setup a meeting with Ann or Bobby to discuss. These pricing levels and care levels will be reviewed frequently for accuracy and to ensure they are adjusted appropriately.
- We are in contact with Walgreens regarding the follow-up Shingles vaccine for those who need it.....more news to come with a clinic date.

AUGUST HOROSCOPE

In astrology, those born from August 1–22 are Leo's Lions. As lions are kings of the animals, Leos are strong and charismatic leaders. Proud and confident, Leos enjoy performing and the attention it brings. Those born from August 23–31 are Virgo's Virgins. Often symbolized by the goddess of agriculture, Virgos are deeply connected to the material world. They are logical, practical, and aware of every detail.
