

# Independent Living *Enhanced*

*A new service for our residents*

## What is Independent Living Enhanced?

At The Crossings at Bon Air, we are focused on catering to the needs of our residents. With that philosophy, we have created a program that allows residents of our Independent Living community, who are not yet ready to move into Assisted Living, to receive the extra assistance they need to remain living independently.

This transitional care program can assist with daily activities such as mobility, bathing, dressing or medication management.
