**Tiffany Barnett** - October 17th, 1 Year

# October 2022 Newsletter

This month we wanted to spotlight our Addington Place Pets! If you didn't already know Addington Place is pet friendly & we love animals around here! We have three dogs who are always around the building, Ranger, Poppy & Sassy. You can always find Ranger & Poppy playing and or napping up by the front offices. Ms. Sassy is one of our residents dogs & will always alert everyone when someone has walked back into The Gardens. Last but not least we have our facility cockatiel Sparkles, he is around years old & love to sing & whistle with anyone who pays attention to him!

**Our friend from Petal Pushers wanted to join in on the fun for National Assisted Living Week and brought some of her garden friends to support!**

**Residents and staff had WAY too much fun throwing sugary treats to the spectators along the parade route! A perfect ending to our Destination State Fair themed month! Special thanks to all of our staff and friends who helped make this float come alive, and Krusen Motors for allowing us to borrow a beautiful truck to pull this "sucker" through the parade**

**Our senior class of 2022 prepared their best head shots in celebration of National School Picture Day! One would say they "ruled" this assignment!**

**Local field trips are our specialty! Shauna lead the Addington pack around the farm, helping our residents feed the animals and giving them all of the they deserved! An afternoon lunch afterwards kept the smiles on all the way back home to the community!**
