MILESTONE —TOMAHAWK

Resident Spotlight

Meet John Loka, a lifelong Tomahawk resident who recently moved into our community. John had a wonderful talent in wood carving that ended 10-15 years ago, but he has his beautiful carvings on display in his room. He said a group of guys started carving in the 80's. They made many friendships and as they aged the group dissolved. They met for carving in different places and lastly was the local Senior Center. Most items that John made were with his family vs selling them. He basically used bass wood (his favorite) carving with a knife and rarely used a chisel. He states his daughter Pat has the talent as she had him teach her one day at the cabin. They both carved a chickadee and hers was the best. He has many fine memories and wishes he never had to stop.

Joan Frasier Dare to Dream

On Tuesday, September 20th, Joan went for a long-awaited Jeep Ride. She had made a comment one day to Lisa, Culinary Coordinator that she would love a ride in her jeep with the top off and really would love to 'go mudding'. Well, unfortunately for safety reasons we couldn't take her mudding but offered her a ride w/ the top off to let her feel one of the last summer days with wind blowing in her hair. Naturally she accepted the offer. She said she her last ride in a jeep was when her son Phil sort of took her on rough terrain over brush and stumps, which she enjoyed.

Joan said this has been the best couple of days for 'this 80 y/o', as she returned from visiting her son yesterday. Joe had taken her out on the St Croix River on his speed boat where the water was choppy with big waves. She stated, today a long-awaited ride in the jeep w/ the top off, "This is just great".

We had planned the trip last week when it was sunny, but due to thousands of motorcycles in Tomahawk for the Annual Fall Ride, we felt it was best to wait. The sun wasn't shining, but her smile sure was!

Holidays are a wonderful time to spend with the family. At times, those get togethers can be an eye opening experience. Did you notice Dad's appearance seemed disheveled? Did Grandma have pill bottles scattered throughout the house? Was Mom having trouble with word recall? **Wondering what to do now?**
