## Letter from the Administrator

Family and Friends of Fair Oaks Health Care Center

Community transmission levels for Covid-19 remain high in McHenry County. It is important to stay up to date with your Covid-19 vaccines. Bivalent Covid Vaccine is the new booster, this will help to protect against variant strands of Covid-19. This is available at any of the McHenry County pharmacies call or schedule your appointment on-line.

Fair Oaks continues to follow the CDC and IDPH guidelines, we continue to wear the required PPE and symptom monitoring. Please remember when visiting to stop at the reception desk fill out your questionnaire and take your temperature. If you have Covid or Covid like symptoms we ask you not to visit until you are well. Thank you for your patience during these trying times, stay well and healthy!
