Walk to End Alzheimer's in
Regner Park, West Bend.

The weather was perfect. The atmosphere was festive. A little exercise was had. Prizes were won. The people were gathered for a wonderful cause. The Walk to End Alzheimer's is over for 2022. We had a spectacular year. Although our team was small, we managed to raise \$3,568.98, far surpassing our \$2000 goal. That means we will increase our goal for next year. I hope to see more of you join our team. Let's put an #END to this devastating disease that effects so many of us in one way or another. We are can still collect donations until the end of the year. It was the culmination

of months of effort. We thank all of you for your help and hope to see you next year.

We had a beautiful Fall outing to Horicon Marsh at the end of September. Goo thought she was planning it for peak migration time, but we were told at the Education Center in Horicon that we were about a month too early to see many birds. Indeed, there were more geese on our own pond when we got back than we saw at the Marsh. All in all, it was perfect weather and a wonderful drive. We stopped first and explored the Education Center in Horicon then drove up to the north end of the marsh to take a stroll on the board walk.

We have also welcomed a few new members to our tribe. Don B., Bill M., Carl M. help to fill out our "guys" table. Elvira B. has returned to us. Evelyn B. and Theresa H. and Colleen F. have completed our family. We are full for the first time in quite a while.

Articles and photos from October outings to Holy Hill and the annual pumpkin farm trek will be in the next newsletter

Easy Turkey Craft

All you need for this easy turkey craft is some glue, a pencil, a black marker, scissors, and brown, orange, yellow, and red construction paper – googly eyes optional.

Start by tracing one of your hands (fingers and thumb tucked together) on a brown piece of paper. Then trace both hands with your fingers splayed out on two different colors (orange, red, yellow, green) of paper. Be sure to trace the individual fingers. For more “feathers” trace individual fingers on various colors of paper. Cut out all of your traced pieces. The heel of the handprint will be your turkey head. Arrange the finger hand prints and individual finger pieces behind the head/body piece to look like feathers and glue into place. Cut out two long strips of the brown construction paper and accordion fold for legs. Cut out feet for your turkey – use your imagination – it doesn’t have to be perfect! Draw on a face (or use googly eyes if available) and cut a small triangle out of the red paper for the turkey wattle. Display your turkey for all to see at your family gathering.

Did You Know... Veterans Day Facts

Veterans Day is a well-known American holiday, but there are several common misconceptions. Here are some interesting facts you may not know known about Veterans Day:

Veterans Day does not have an apostrophe. You may sometimes see Veterans Day spelled as “Veteran’s Day” or “Veterans’ Day,” but this is incorrect. The holiday is not a day that “belongs” to one veteran or multiple veterans, which is what an apostrophe indicates. It’s a day for honoring all veterans, so no apostrophe is needed.

Veterans Day is not the same as Memorial Day. Memorial Day is a day to memorialize those who gave their lives for our country, particularly in battle or from wounds suffered in battle. Veterans Day honors everyone who has served the country in war or peace, dead or alive, although it’s primarily intended to thank living veterans for their service.

Veterans Day was originally called Armistice Day. World War I officially ended when the Treaty of Versailles was signed on June 28, 1919. However, the fighting ended about seven months earlier when the Allied nations and Germany put into effect an armistice on the eleventh hour of the eleventh day of the eleventh month. Consequently, November 11, 1918 was generally considered the day the war ended, and was later named Armistice Day. In 1938, it became

an official holiday intended to honor veterans of World War I. However, following World War II and the Korean War, Congress amended the holiday by changing the word “armistice” to “veterans” so the day would honor American veterans of all wars.

Other countries also celebrate November 11. World War I was a multinational effort, so other Allied nations commemorate their veterans on November 11 as well. Canada and Australia both call November 11 “Remembrance Day.” Canada’s observance is similar to our own, except many of its citizens wear red poppy flowers to honor their veterans. In Australia, the day is more like our Memorial Day. The United Kingdom observes “Remembrance Day” on the second Sunday of November with parades, services, and two minutes of silence at 11 a.m. to honor those who lost their lives in war.
