Transitions at Home is EXCITED to welcome Amy B., our newest Intake Coordinator to the Transitions Team!

Hi, I am Amy Breuchel and I am happy to join Transitions at home as an Intake coordinator. I worked in Pharmacy for 10 years, before becoming a stay-at-home mom for 9 years. My fiancé Dustin and I

have created a beautiful, blended family. I have 2 sons Logan and Remi plus 1 bonus daughter named Greenlee. In my spare time I love antiques, crafting, building, spending time with my family, fishing, hunting, motorcycle rides, and watching my sons play sports.

Transitions At Home Participated in the Walk to End Alzheimer's in Stevens Point on 9/17 We raised \$2920.00 and

Won 'The Rookie of the Year Award'! Thank you to the Team and to ALL who donated!

Transitions at Home Celebrates Home Care and Hospice Month

Stevens Point, WI – Each November the home care and hospice community honors the millions of nurses, home care aides, therapists, and social workers who make a remarkable difference for the patients and families they serve. These heroic caregivers play a central role in our health care system and in homes across the nation. To recognize their efforts, we call upon all Americans to commemorate the power of caring, both at the home and in their local communities and join with Transitions at Home and the National Association for Home Care & Hospice (NAHC) by celebrating November as National Home Care & Hospice Month.

CMS REVIEWS

All staff helpful, kind, and accomplished in their work.

- Anonymous

Both Catarina and Jarrod have been very professional with their care when I (POA) was able to witness P.T. therapy. - Leroy O.

I don't see how it could have been any better. Thank you!
- Dorothy L.

Newsletter Production by PorterOneDesign.com

With 10,000 Americans turning 65 every day, the need for health care will continue to rise, and costs will continue to skyrocket. This is where home care and hospice come in. As the preferred choice for most patients, it also offers the greatest cost savings. For example, Medicare pays nearly \$2,000 per day for a typical hospital stay and \$450 per day for a typical nursing home stay. Meanwhile, home care costs less than \$100 a day and helps many U.S. seniors remain independent

at home, enrich their lives, and keep in touch with those they love.

Bringing quality health care to you in central Wisconsin.

Fraud Alert! There Are No New Medicare Cards!

The scams related to Medicare cards persist! Beneficiaries from around the state continue to receive calls asking them about their Medicare card. The caller often identifies themselves as being from Medicare, and that they are “just following up on the status of your Medicare card.”

The scam has a few variations, such as:

- Asking the Medicare beneficiary if they have received the new Medicare card.
- Questioning if they knew that their red, white, and blue Medicare card is going to expire. (There is no expiration date on the Medicare card.)
- Inquiring if their doctor's name is on their Medicare card. If not, the card needs to be updated to avoid interruption of services. (Health care provider information is NOT included on a Medicare

card for any reason.)

When the beneficiary says that they have not received a new card, the caller is more than happy to help them get the “new or updated card”.

The person on the phone then just asks them to “verify” their Medicare number.

If you receive this type of call, simply hang up, as the caller is trying to get your information to scam you and Medicare.

There is NOT a new Medicare card. Not a plastic card, a card with a chip, a different colored card, a laminated option, or a different card because of COVID-19. There are NO NEW Medicare cards, for any reason. Your paper red, white, and blue card is the only card issued by Medicare.

Keep in Mind

- Do not give out your Medicare number except to your doctor

or other Medicare provider

- Treat your Medicare card like your credit card
- Do not share any personal information or bank information
- If it sounds too good to be true, it usually is
- Be cautious of offers for “free” medical services
- Watch out for identity theft
