

Ron A. was born in Winnebago, MN and graduated from Blue Earth High School. He attended the University of Minnesota and earned a BA degree and then went on to earn a Master of Science and Master of Arts and Education. Some of his greatest memories of attending the U of M was playing trombone in the U of M Marching Band. He was fortunate to travel twice with the Marching Band to Pasadena and be in the Rose Bowl Parade. The first time they traveled there they took the train. The Marching Band would practice in the baggage car and would play at various train stations along the way. He said it was so fun and the crowd loved them. Following college, he played in various community bands. His love of music started with the trombone and has continued his appreciation of music. Another great memory of the U of M is that it is where he met his loving wife. A buddy set them up on a blind date. He said it was the best blind date he's ever had. Those of us at the Preserve have been so lucky to hear the special stories of his time in the Marching Band. We are excited to make this "Dare to Dream" come true for Ron as he dusts off his trombone and reunites with the University of Minnesota Alumni Band. Please join us in cheering for Ron as he plays his trombone with the Alumni Band on **Friday, Nov. 4 at 1:30pm.**

HONORING ALL WHO SERVED

November 11, 2022

**VETERANS**  
**DAY**

From all of us at the Preserve, we would like to thank our Veterans for their service and for making this a great country. Because of you, we are proud to be Americans.

**VETERANS DAY**

By Cheryl Dyson

On Veterans Day we honor all,  
Who answered to a service call.  
Soldiers young, and soldiers old,  
Fought for freedom, brave and bold.  
Some have lived, while others died,  
And all of them deserve our pride.  
We're proud of all the soldiers who,  
Kept thinking of red, white and blue.  
They fought for us and all our rights,  
They fought through many days and nights.  
And though we may not know each name,  
We thank **ALL** veterans just the same.
