Community Update

Dear Families,

Thank you for your assistance and your help and support during this difficult time for Shawnee Memory Care and the entire Shawnee community.

Our focus these first days has been to find a safe place for our residents. We are grateful to our families and various other local senior living communities for the support in assisting in this process.

Our next step is to secure the building so it can be in a position for our residents to come home as quickly as possible. We will continue to provide updates on when that can be – and hope it is possible by mid next week. At this point we can't be sure.

We have been in touch with our ownership group, Compass Senior Living, and we have our Regional Director on site with us to help navigate the next several days. We've fielded some questions about rent for the apartments while displaced. This is understandable. We will be sure to credit all accounts for those days your family is not able to be in the community. Please be patient as we work through logistics for that.

Be sure to reach out if you have any questions.

Sincerely,

Teri Ellis

Administrator
