

JOJO'S RECOMMENDATIONS

Truffle. Say it again and feel how fluffy and exquisite it feels enunciating each letter. Just the thought of the delicate creamy layers conjures up impulses to devour their dreamy centers.

What exactly is a truffle? To be clear, we are speaking of the bite-sized confection type, not the edible spores that resemble mushrooms. Truffles are rich chocolate candy that can consist of various additions like nuts, fruit purees, coconut, or flavored oils. But the two main ingredients that make up this luxurious sweet treat are chocolate and heavy cream, which make the ganache. Ganache is the velvety whipped filling that makes your mouth smile. After the filling is made, it is formed into petite shapes then dipped in a chocolate coating or rolled in cocoa or powdered sugar, and if desired, additional toppings.

Truffles have an heir about them as being fancy or extravagant, but overall, truffles can be made quite easily at home. But who wants to make something when someone else will do it for them and clean up the mess? Lake Havasu City just happens to have a premier truffle chocolatier. Maybe you have spotted or experienced Millie’s Chocolates at a local event or the farmer’s market when you visited from reading my previous recommendations. If so, you know the craftsmanship that goes into each piece of candy they create and how satisfying it was as the luscious chocolate melted on your tongue, leaving you craving for another taste. If not, I hope you will consider your taste bud’s desires and seek them out by phone, Facebook, or local event. Millie’s Chocolates 775-813-8319.

Director's Corner

"You are never too old to set another goal or to dream a new dream." - C.S. Lewis

Our activities department is always hard at work trying to find new and creative things for the residents to do. Why not try something different?

Learn a new craft or skill? Even a new card game. Studies have shown that challenging your brain in new ways can increase longevity.

Our open house was a success. Thank you to our residents who opened their homes to our visitors. They were extremely impressed with your beautiful apartments.

The weather is getting warmer. If you should have trouble with your climate control, please immediately let reception know so we may get the proper repairs completed as soon as possible. Your comfort is our highest priority.

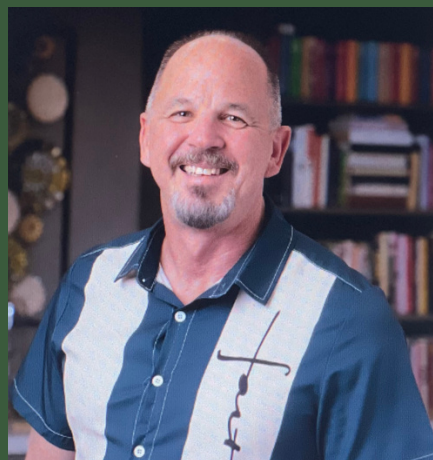

With the spring in full swing and its correspondent sunshine, now is the perfect time to get outside. Enjoy our pool and your patio. Sunshine, in moderation, is good for you and your soul.

Finally, I want to remind you to be kind to each other and yourself. Please take a second to ask yourself, would I like to be spoken to in this manner? If the answer is no, don't say it. We can all do a better job of being nice to each other.

"Always be humble and kind."

Tim McGraw

Resident Spotlight:

Mike Moore

Meet Mike Moore! He is one of our newest community members here at The Views. Mike was raised in San Diego, California in a small family of four. Mike attended both San Diego State College and The University of Maryland to obtain his bachelor's in history. However, Mike's love for travel began during his time serving in the Army during Vietnam. He traveled to many duty stations such as Vietnam, Okinawa, Korea, and Germany. After almost eight years away, he retired from the Army in his final duty station, Hawaii. Here his love for teaching was ignited. He taught at Punahou School, which was a Junior ROTC school, for fifteen years. After retiring, he moved to Colorado for five years to care for his mother. In 2005, Mike made his move to Quartzsite, Arizona. He began to find an appreciation for another town, one that is young in spirit, even though it was for retirees. This town was no other than Lake Havasu City, Arizona. Mike now lives here at The Views at Lake Havasu, which he states is a great establishment. If you see Mike, be sure to say hello!
