## GOD IS REAL

See the mountains and the valleys  
The rivers and the trees.  
Breathe the cool morning air  
And feel the evening breeze.  
See the flowers as they bloom  
Beside a country lane.  
See a many colored rainbow  
Just after a summer rain.

Hear the call of the morning dove  
And hear the tall pines sigh.  
Watch the soft white clouds  
Float across the endless sky.  
With all these things of beauty  
To hear, see and feel  
How could anyone ever doubt  
That **GOD IS SURELY REAL!**

## THE FATHER'S GIFT

A young man was getting ready to graduate from college. For many months he admired a beautiful sports car in a dealer's show-room, and knowing his father could well afford it, he told him that was all he wanted. As graduation day approached, the young man awaited signs that his father had purchased the car. Finally, on the morning of his graduation, his father called him into his private study. His father told him how proud he was to have such a fine son, and told him how much he loved him. He handed his son a beautifully wrapped gift box. Curious and somewhat disappointed, the young man opened the box and found a lovely, leather-bound Bible, with the young man's name embossed in gold. Angry, he rose his voice to his father and said "with all your money, you gave me a Bible?" and stormed out of the house. Many years passed and the young man was very successful in business. He had a beautiful home and wonderful family, but realized his father is very old, and thought perhaps he should go to him. He had not seen him since that graduation day.

Before he could make arrangements, he received a telegram telling him his father had passed away, and willed all his possessions to his son. He needed to come home immediately and take care of things. When he arrived at his father's house, sudden sadness and regret filled his heart. He began to search through his father's important papers and saw the still gift-wrapped Bible, just as he had left it years ago. With tears, he opened the Bible and began to turn pages. His father had carefully underlined a verse, Matt. 7:11, "And if ye, being evil, know how to give good gifts to your children, how much more shall your Heavenly Father, which is in heaven, give to those who ask?" As he read those words, a car key dropped from the back of the Bible. It had a tag with the dealer's name, the same dealer who had the sports car he had desired. On the tag was the date of his graduation, and the words **PAID IN FULL.**

**How many times do we miss God's blessings because we can't see past our own desires?**

# Hello Summer!

# I Spy Summer Fun!

## Origins of Father's Day

The campaign to celebrate the nation's fathers did not meet with the same enthusiasm—perhaps because, as one florist explained, “fathers haven’t the same sentimental appeal that mothers have.”

On July 5, 1908, a West Virginia church sponsored the nation's first event explicitly in honor of fathers, a Sunday sermon in memory of the 362 men who had died in the previous December's explosions at the Fairmont Coal Company mines in Monongah, but it was a one-time commemoration and not an annual holiday.

The next year, a Spokane, [Washington](#), woman named Sonora Smart Dodd, one of six children raised by a widower, tried to establish an official equivalent to Mother's Day for male parents. She went to local churches, the YMCA, shopkeepers and government officials to drum up support for her idea, and she was successful: Washington State celebrated the nation's first statewide Father's Day on June 19, 1910.

Slowly, the holiday spread. In 1916, President Wilson honored the day by using telegraph signals to unfurl a flag in Spokane when he pressed a button in [Washington, D.C.](#) In 1924, President [Calvin Coolidge](#) urged state governments to observe Father's Day.

Today, the day honoring fathers is celebrated in the United States on the third Sunday of June: Father's Day 2021 occurs on June 20.

In other countries—especially in Europe and Latin America—fathers are honored on St. Joseph's Day, a traditional Catholic holiday that falls on March 19.

# JUNETEENTH FACTS

There's more than one Independence Day in the U.S. On June 19, 1865, General Gordon Granger rode into Galveston, Texas, and announced that enslaved people were now free. Since then, June 19 has been celebrated as Juneteenth across the nation. Here's what you should know about the historic event and celebration.

1. Enslaved people had already been emancipated—they just didn't know it. The June 19 announcement came more than two and a half years after Abraham Lincoln issued the Emancipation Proclamation on January 1, 1863. So technically, from the Union's perspective, the 250,000 enslaved people in Texas were already free—but none of them were aware of it, and no one was in a rush to inform them.

2. There are many theories as to why the Emancipation Proclamation wasn't enforced in Texas. News traveled slowly back in those days—it took Confederate soldiers in western Texas more than two months to hear that Robert E. Lee had surrendered at Appomattox. Still, some have struggled to explain the 30-month gap between Lincoln's proclamation and the enslaved people's freedom, leading to speculation that some Texans suppressed the announcement. Other theories include that the original messenger was murdered to prevent the information from being relayed or that the federal government purposely delayed the announcement to Texas to get one more cotton harvest out of the enslaved workers. But the real reason is probably that Lincoln's proclamation simply wasn't enforceable in the rebel states before the end of the war.

3. The announcement actually urged freedmen and freedwomen to stay with their former owners. General Order No. 3, as read by General Granger, said:

"The people of Texas are informed that, in accordance with a proclamation from the Executive of the United States, all slaves are free. This involves an absolute equality of personal rights and rights of property between former masters and slaves, and the connection heretofore existing between them becomes that between employer and hired labor. The freedmen are advised to remain quietly at their present homes and work for wages. They are informed that they will not be allowed to collect at military posts and that they will not be supported in idleness either there or elsewhere."

4. What followed was known as "the scatter." Most freedpeople weren't terribly interested in staying with the people who had enslaved them, even if pay was involved. In fact, some were leaving before Granger had finished making the announcement. What followed became known as "the scatter," when droves of former enslaved people left the state to find family members or more welcoming accommodations in northern regions.

5. Not all enslaved people were freed instantly. Texas is a large state, and General Granger's order (and the troops needed to enforce it) was slow to spread. According to historian James Smallwood, many enslavers deliberately suppressed the information until after the harvest, and some beyond that. In July 1867 there were two separate reports of enslaved people being freed, and one report of a Texas horse thief named Alex Simpson, whose enslaved people were only freed after his hanging in 1868.

6. Freedom created other problems. Despite the announcement, Texas slave owners weren't too eager to part with what they felt was their property. When freed people tried to leave, many of them were beaten, lynched, or murdered. "They would catch [freed slaves] swimming across [the] Sabine River and shoot them," a former enslaved person named Susan Merritt recalled.

7. There were limited options for celebrating. When freed people tried to celebrate the first anniversary of the announcement a year later, they faced a problem: Segregation laws were expanding rapidly, so there were no public places or parks they were permitted to use. In the 1870s, former enslaved people pooled together \$800 and purchased 10 acres of land, which they deemed "Emancipation Park." Until the 1950s, it was the only public park and swimming pool in the Houston area that was open to African Americans.

8. Juneteenth celebrations waned for several decades. It wasn't because people no longer wanted to celebrate freedom—but, as Slate so eloquently put it, "it's difficult to celebrate freedom when your life is defined by oppression on all sides." Juneteenth celebrations waned during the era of Jim Crow laws until the civil rights movement of the 1960s, when the Poor People's March planned by Martin Luther King Jr. was purposely scheduled to coincide with the date. The march brought Juneteenth back to the forefront, and when march participants took the celebrations back to their home states, the holiday was reborn.

9. Texas was the first state to declare Juneteenth a state holiday.

Texas deemed the holiday worthy of statewide recognition in 1980, becoming the first state to do so.

10. Juneteenth is now a federal holiday. Thanks to the efforts of 94-year-old activist Opal Lee, who began walking state-to-state to draw attention to the cause in 2016, Congress passed legislation making Juneteenth a federal holiday this year. President Biden signed the bill into law on June 17, 2021.

11. The Juneteenth flag is full of symbolism.

Juneteenth flag designer L.J. Graf packed lots of meaning into her design. The colors red, white, and blue echo the American flag to symbolize that the enslaved people and their descendants were Americans. The star in the middle pays homage to Texas, while the bursting "new star" on the "horizon" of the red and blue fields represents a new freedom and a new people.

12. Juneteenth traditions vary across the U.S.

As the tradition of Juneteenth spread across the U.S., different localities put different spins on celebrations. In southern states, the holiday is traditionally celebrated with oral histories and readings, "red soda water" or strawberry soda, and barbecues. Some states serve up Marcus Garvey salad with red, green, and black beans, in honor of the black nationalist. Rodeos have become part of the tradition in the southwest, while contests, concerts, and parades are a common theme across the country.
