

Accessibility Statement
General Use Statement

Vantage Management is committed to providing a website that is accessible to and functional for all. In an effort to ensure the accessibility and usability of our website, we adhere to many of the available standards and guidelines, including Level AA of the World Wide Web Consortium (W3C) Web Content Accessibility Guidelines 2.1 (WCAG 2.1), and this website has been built using code compliant W3C standards for HTML and CSS. These guidelines not only help make web content accessible to users with sensory, cognitive and mobility disabilities, but ultimately to all users, regardless of ability.

Although Vantage Management strives to adhere to the WCAG 2.1 Level AA standards for accessibility and usability, it may not always be possible to do so in all areas of the website. Vantage Management continues to evaluate solutions to ensure that all areas of the site have the same level of overall web accessibility and, in doing so, welcomes comments on how to improve the site's accessibility for users with disabilities.

If you require assistance or wish to report an issue related to the accessibility of any content on this website, please don't hesitate to contact us.
