“The Birches is a place my mom calls home which makes our family so happy. Everyone on staff is ready and willing to step up and do what is necessary to make her stay healthy and happy. I have and will continue to recommend The Birches to family and friends.”

“The Birches is a well-run, clean, comfortable facility. None of the residents are left in his/her room for the day. The residents are the staff’s #1 priority. All the residents dine together, exercise together, participate in crafts, attend daily entertainment offered by The Birches, enjoy social time together, and are addressed by their first names. There is also comfortable outside seating which has been used by my family. The residents also enjoy the ability to be outside in the fresh air. I give The Birches a 10 out of 10 rating.”

“The Birches keeps my mom so busy with activities. Some days I go to visit and she’s too busy for me! I love that! It keeps her mind going and feels great to be a part of a community. She loves the special days when live musicians play, and her favorite days are when the therapy dogs visit!”
