

Why Choose Heritage Hill Senior Community?

Heritage Hill is committed to personalized care in a homelike setting. The compassionate, qualified, and highly trained caregivers treat each resident as family, which makes residents proud to call Heritage Hill their home.

Heritage Hill has brought together a team of staff including our nurses who coordinate with therapists, physicians, specialists and pharmacists to oversee our residents overall health and well-being. In fact, the Heritage Hill team is of such high quality they have won several awards!

Heritage Hill comprises two neighborhoods, Personal Care and Memory Care, which are small enough to provide personalized attention, allowing staff to know our residents on a first-name basis and building a relationship that becomes family.
