## Facility News & Highlights

**We have a new K-9 companion. Rocky is an 11-year-old Great Pyrenees mix, a gentle giant.** He is visiting us on Mondays. Rocky knew us a little as he has family living with us. He is Inga's grandpup. Rocky's momma thinks we are more his speed than the crazy pups at doggy daycare.

In Mid-August, the night sky is going to witness some beautiful illuminating wonderful creations of nature. The Perseid meteor shower is back, with its luminescence. Perseid Meteor Shower is an annual event that takes place every August. Perseids are one of the brighter meteor showers of the year. It's made of tiny space debris from the comet Swift-Tuttle, the Perseids are named after the constellation Perseus. The Perseids, are considered the best meteor shower of the year. Above all, the best part is that no special equipment, or knowledge of the constellations is needed to enjoy them. You just have to be observant and watch from midnight to dawn. **The Perseid meteor shower will be active from 17 July to 24 August, producing its peak rate of meteors around 13 August.** Don't know if anyone here will be up and in the back yard between midnight and dawn.

## Special Event Outings

**Friday, August 11th** we will take a group of folks out for ice cream in the afternoon at **2 pm** for happy hour. Last year we had a great trip over to **Slinger's Fill& Chill Frozen Yogurt**. They all said they would like to do it again so here we go!

At the end of the month on **Friday, August 25th** we are going to **enjoy polka music at West Bend's Germanfest**. We will load up the bus **right after lunch** and be back for supper. What a great way to say goodbye to the summer before Labor Day Weekend

## Celebrate the Magic of Reading

Every August 9, bibliophiles (book lovers) around the world unite to celebrate Book Lovers Day! **On this special day, bookworms, avid readers and literary enthusiasts of every age come together to express their appreciation for the written word, share their favorite stories and delve into new literature. It is a time for book clubs, literary events, and online discussions that allow readers to connect, share recommendations and engage in conversations about favorite books, stories, memoirs, poems, non-fiction and more.**

The joy of discovering shared passions for a particular novel or engaging in lively debates about literary interpretations may create lasting connections and friendships.

**Books transport us to different worlds, eras and dimensions.**

**Through literature we can explore realms beyond our own lives, experience the joys and struggles of diverse characters and embark on thrilling adventures without leaving the comfort of our favorite readings spot.** Whatever the topic, reading allows us to detach from reality and immerse ourselves in a different narrative.

**Getting lost in a book creates a tranquil space where the reader can unwind, recharge, find solace and possible answers to life questions.**

Book Lovers Day provides endless opportunities for personal growth, self-reflection and intellectual enrichment that come with being a dedicated reader. So head to the nearest library, bookstore, online resource, or family's bookshelf to begin your next reading journey. **Your choices are limitless!**

## Seniors: A Wealth of Love, Wisdom, and Experience

Senior Citizen Day, celebrated annually on August 21, is dedicated to honoring and appreciating the contributions of older adults. This day serves as a valuable reminder to acknowledge the wisdom, experience, and love that seniors share with us. It is also a great opportunity for community centers, senior living communities, and families to host intergenerational activities, health fairs, and programs that encourage younger generations to spend time with seniors to learn and share experiences.

## Bookmark Craft

Celebrate Book Lovers Day on August 9 with grandchildren, friends and family by making your own bookmarks together.

### Materials:

- Construction, cardstock, or scrapbook paper
- Scissors
- Hole puncher or a sharp pencil
- Ribbon, yarn, or string
- Optional: paint, markers, stickers, glue, glitter, and other embellishments

### Instructions:

Cut a strip of paper to your desired bookmark size. A typical bookmark is about 2in by 6in, but you can adjust it to your preference.

Punch a hole at the top of the bookmark, either using a hole puncher or carefully with a sharp pencil.

Cut a piece of ribbon, yarn, or string that is long enough to thread through the hole and extend beyond the length of the bookmark.

Thread the ribbon, yarn, or string through the hole and tie a knot or a bow at the top to secure the ends together.

Use markers, pens, or stickers to personalize your bookmark. Paint or draw designs, or add your favorite literary quote.

Your bookmark is ready to use or give as a thoughtful gift.

## Five Easy Ways to Relax

On Relaxation Day, August 15, try some of these methods that can help to reduce stress and relax.

### 1. Deep controlled breathing

may help. Sit comfortably and inhale through the nose slowly and deeply, while concentrating on contracting your stomach muscles with each breath.

### 2. Progressive relaxation

combines breathing exercises with the slow contraction of body muscles. Work through each body muscle group from the toes to your chest by flexing each one and releasing the tension as you exhale.

**3. Meditation** helps unite the body and mind. Occupy your mind with a pleasing memory or image;

close your eyes and focus on that thought. Feel the joy of that moment. Be sure to seek out a quiet setting to ensure that you are not disturbed.

**4. Exercise** benefits the mind as well as the body. Regular cardiovascular exercise (like walking, dancing, cycling) is one of the leading ways to relieve stress. Be sure to consult your physician on what exercises, duration and frequency is right for you.

**5. Yoga** is great for settling the mind, placing you at ease and promoting mental and spiritual enlightenment. Yoga flows and postures learned from an in-person class or an online lesson may help to bring balance, strength and mobility to your system.

*The mind that opens to  
a new idea never returns  
to its original size.*
