EBENEZER

INTEGRATED CARE & REHAB

Ebenezer Integrated Care & Rehab offers patients a personalized transitional care program designed to bridge the gap between hospitalization and home.

We offer a wide range of therapies—including physical, occupational, and speech—designed to maximize the patient’s independence, enhance their skills, and accelerate their recovery.

Our highly-trained, licensed staff collaborate with patients and their health care providers to ensure excellent quality, value, and positive outcomes.

Ebenezer Integrated Care & Rehab is situated in downtown St. Paul and is part of the Fairview Community Health and Wellness Hub. Our patients have access to a range of comprehensive supportive care and resources, all conveniently available in a single location. With our Hub partners, Ebenezer Integrated Care & Rehab can help patients develop the skills needed to regain independence and enhance their overall outcomes.
