## Letter from the Director

Welcome to Fall and ushering in the cooler temperatures that go with it. Residents and families have been enjoying the changing foliage colors without the burdens of racking the falling leaves here at Arcadia. It is also a good time to review your wardrobe and break out the cozy sweaters.

In this ever-changing world, it is more important than ever to hear directly from our residents and their families what we are doing well and what we can do to continue to improve. And there certainly has been a great deal of change and improvements in the last 3 months. That's why Arcadia is pleased to partner with Activated Insights, a nationally recognized research organization, to conduct an online Resident and Family Satisfaction Survey beginning October 9th. This survey also provides an opportunity for our community to be recognized, based on your feedback, as part of the U.S. News Best Senior Living program. You will receive an email or text invitation from Activated Insights providing you with a special link to the survey, which should take only 5 - 10 minutes. Please take the time to let us know what we are doing well, as well as areas we can improve.

I'm thrilled to be back here at this community and look forward to connecting with each of you. My door is always open should you have the time to drop in and say hello!

Christina Bruner, Executive Director

## Information for Absentee Voters

*The following information for requesting a mail-in absentee ballot for the upcoming General Election (November 7th, 2023) came to us from the Jefferson County Election Center:*

For your loved-one to obtain a mail-in absentee ballot, the voter and/or spouse, parent, or children of the voter may go to [www.govoteky.com](http://www.govoteky.com) and select "Absentee Ballot Request" beginning September 23, 2023. If the voter does not have access to a computer, the voter or above designee may call **502-574-6100** to have staff at the Election Center assist in submitting their request online.

The last day to apply for a mail-in absentee ballot is Tuesday, October 24th, 2023.

Absentee mail-in ballots ordered via the online portal will automatically be delivered to the residential address on file with the Jefferson County Voter Registration system. If the voter's current address is different than that of the care facility, the voter will need to call 502-574-6100 to request their ballot.
