WINTER THINGS CROSSWORD

CROSSWORD PUZZLE DAY IS DECEMBER 21

Crossword puzzles can improve memory, promote problem-solving skills, and enhance vocabulary. They also offer a sense of accomplishment and can be a fun social activity to connect with friends and family.

Paper Snowflake Craft

Paper snowflakes are a fun and easy craft for winter. Follow these simple step-by-step instructions to make your own snowy decor.

Supplies: Sheets of 8.5in x11in paper and scissors (Optional: pencil, glue, glitter)

Start with your sheet of paper vertical.

- Take the bottom right corner of the paper and fold it diagonally to the opposite corner, forming a triangle.
- Take the bottom left corner of the folded triangle and fold it up in half again, so the right-angle corner meets the opposite side, creating a smaller triangle.
- Cut off the excess paper across the top, leaving just your triangle.

- Fold the right corner to left once more to make a smaller triangle.
- Using a pencil, lightly draw your snowflake design on the folded triangle. You can create simple geometric shapes or more intricate patterns.
- Carefully cut out the shapes you've designed. Be creative and make different cuts to form your unique snowflake.

- Be sure not to cut all the way from one side of your triangle to the other.
- Gently unfold the paper to reveal your paper snowflake.
- Repeat the steps above to create additional paper snowflakes.
- Get creative with your designs, shapes, and sizes to make each snowflake unique. Add glitter to make them glisten.
