Renovated Interiors in
a Quiet Neighborhood

We are proud to offer newly remodeled apartment homes in Clinton. From the moment you walk inside, you’ll feel welcomed by handsome wood-style flooring or plush wall-to-wall carpeting. Your kitchen is fully equipped with energy-efficient, and in some homes stainless-steel appliances, perfect for hosting a Sunday lunch with family and friends. Large rooms provide you with the space to add your own unique flavor—whether that’s shabby chic or something more contemporary.

During the warmer months, enjoy getting to know your neighbors as you cool off in our saltwater swimming pool. A pavilion with charcoal grills and picnic tables are perfect for hosting food-filled get-togethers with friends and family. Play a game or two at the basketball or tennis courts. Take the competition inside and get your blood pumping at our community fitness center. Enjoy yourself and stretch out over our 16 acres of lush property.

Home, Sweet, Home

Let the city of Clinton charm you with its beautiful scenery and friendly, homespun atmosphere. Warm your heart with some southern food. Visit the Clinch River Antique Festival in the spring and the fall, or enjoy the Clinch River that snakes through town. Great schools and quality employers tie everything together and make our hometown a great place to live.
