

SMOKING POLICY

This facility is a smoke-free facility. There is no smoking in the residence. This policy applies to all families, visitors, staff, and residents. Residents who request to smoke will be assessed for safety upon admission and with change in condition. Smoking will be done in designated outdoor smoking areas and supervision will be based on assessment.

Smoking includes: cigarettes, cigars, pipes, e-cigarettes, vape pens/devices.

All smoking materials including lighters/matches/e-cigarettes/vape charging devices must be kept in a secured area at nurses stations. These items cannot be kept in resident rooms.

I have read the above policy and have had it explained to me. I fully understand and agree to the terms of the above policy.
