**Welcome to April**

The world is remembering its roots this month as spring starts turning everything green! No matter how fickle the weather may be, we always anticipate the new beginnings this freshest of months brings. Of course, April is full of other celebrations, like April Fools' Day (1st), Earth Day (22nd) and even National Velociraptor Awareness Day (18th). However you choose to have fun this month, we hope you enjoy the brightening days!
