JOY: A MESSAGE FROM OUR BOARD CHAIR AND THE PRESIDENT & CEO

Welcome! One of our Mission's most meaningful words is joy. For our residents and team members, the greater their purpose, the greater their joy. We're delighted with the first-year results from our Aspire-Life on Purpose™ lifestyle model. On page seven, you'll read about how it's helped residents better connect with their purpose and has sharpened team focus on what residents want and need.

This year's cover and our center-spread feature Judy Wolner, chosen by her peers at LeadingAge Minnesota as the statewide Caregiver of the Year. At 20-years, Judy is the longest serving staff person for Vista Prairie at Goldfinch Estates. Goldfinch Estates Activities Manager Amber Diekmann helped craft Judy's nomination, "Her smile is contagious! Residents light up when they see Judy." Our hearty congratulations to Judy for this well-earned honor.

Among our most recent operational results, we implemented CarePredict technology, the future of AI informed care, which has improved resident health outcomes by reducing hospitalizations and falls. Our financial investment in Garnette Gardens reflects our commitment to enhancing and supporting the Aspire Lifestyle by providing fresh surroundings and improved services that bring joy to residents and staff alike.

Finally, we secured financing for Vista Prairie at Eagle Pointe, a commitment that will answer an urgent senior care need in St. Francis, MN, when the project is ready for occupancy in 2025. The 134-unit community will offer independent living, assisted living, memory care, and care suites.

Thank you for supporting our mission of compassion and joy-filled living. Your support helped us provide more than \$3.7 million in reduced fees to qualifying residents. We hope to earn your trust and assistance in our promising future!

JUDY WOLNER CAREGIVER OF THE YEAR

Eunice and Judy enjoyed their walks at Goldfinch Estates. Top right: Fairmont Mayor Lee Baarts congratulates Judy after her award presentation in St. Paul, which is pictured in the middle. Judy celebrates with Goldfinch Estates Community Care Manager Talia Henningsen-Terry, Community Care Manager Liz Mahlstedt, and Executive Director Ann Logan.

FINANCIALS

Occupancy growth of 6.3 percent between the start of FY23 and the end of FY24 helped fulfill our financial and staffing objectives.

Aspire-Life on Purpose™: Resident Herb and Resident Assistant Shangline Lukong are proud of their Aspire achievements at Ridgeway. They are two of the more than 200 residents and staff members at Vista Prairie to receive Aspire Champion recognition for making our lifestyle model a reality in 2024. Aspire helps ensure the highest possible quality of life in five dimensions: emotional, social, intellectual, physical and spiritual.

CarePredict: Copperleaf and Fieldcrest residents are wearing CarePredict's Tempotm devices on their wrists. The advanced technology allowed the nursing staff to detect early warning signs in residents at risk for UTIs and other key health risks, enabling them to intervene before the infection could take hold. These proactive measures resulted in an impressive reduction in UTI cases, across the communities. Following the success at both Copperleaf and Fieldcrest, we are poised to expand CarePredict implementation across all Vista Prairie Communities.

MISSION
