The Great Backyard Bird Count

Every February, bird-watchers around the world lend a helping wing to scientists by participating in the Great Backyard Bird Count, a four-day project organized by the Cornell Lab of Ornithology and the National Audubon Society. Learn more at GBBC.BirdCount.org.

Remember When: Car Tail Fins

Many car lovers have an affinity for models made during post-war America's fascination with the jet and space age. For about a decade, tail fins became a signature feature of auto design, giving even the simplest sedan some futuristic flair. Automakers Ford, General Motors and Chrysler steered into the fad that reached its zenith with those created for the 1959 Cadillac, which were high, long and accented with chrome and red taillights. But by the mid-1960s, the finned look had driven off into the sunset.

February Forecast

Feb. 2 is Groundhog Day, when the furry forecaster from Pennsylvania emerges from his burrow. If Punxsutawney Phil sees his shadow, it means six more weeks of winter. If he doesn't, then spring is just around the corner.

Enjoy Flowers Longer

If you receive a bouquet of fresh flowers, help them last longer with this recipe: Dissolve 2 tablespoons each of sugar and white vinegar in a quart of warm water. Experts say another alternative is to mix one part lemon-lime soda with three parts water. Change the water mixture every few days.
