Letter from our Executive Director

Stilley House residents and families,

WOW, how is it already February, where does the time go? Weren't we just celebrating Christmas? I feel like I have missed the whole month of January. I hope this correspondence finds you all healthy and well. I am so thankful we have not seen too much sickness within the Stilley House. There is nothing I hate more than asking residents to stay in their rooms when sickness hits. It is always hard to make those decisions, but we know what we have to do to keep the residents safe. We appreciate your support throughout the rest of the winter. If you are not feeling well, please delay your visit.

January brought our first snowfall of the season. While the residents enjoyed looking out and seeing the white landscape, I always worry when snow hits. Depending on the snowfall totals, it can cause staff to miss work due to transportation issues.

Continued from Jennifer

But I need to really brag on our staff; they are so committed to your loved ones, and we had very few issues with staffing during snow events. I am so proud of our staff and the job they do each day and the joy they bring to our residents.

We are looking forward to February and spreading love and kindness all month long. Paula has some really fun things planned and I think all of the residents will find something they enjoy. And before we know it, Spring will be upon us. We will have porch sitting, lemonade sipping, and all the fun things that accompany warmer weather. I know the residents certainly enjoy being outside, so I am always excited to see warmer temps arrive. Hopefully, the rest of the winter will be mild, just as it has been.

As always, please reach out to me or any member of the management team if you have any questions or concerns about anything happening at Stilley House. And thank you for letting us care for your loved ones each and every day, they are such a blessing!

Introducing our new Culinary Director

Nicola McClure has worked in medical-related positions for 31 years. She started as a CNA at the age of 19, and has worked at a nursing home, in home health, and in medical insurance billing. Six years ago, she moved into the Dietary/Culinary area in a nursing facility, and loved it so much she obtained her Food Management Certificate.

Originally from Vienna, Illinois, Nicola moved to Marshall County ten years ago. She has one son (the diamond in her eye - and she is very proud of him!) She enjoys cooking, getting together with friends, being outdoors, and learning and experiencing new and exciting things. Nicola previously served as our Lead Cook before her promotion in January. Please introduce yourself to Nicola if you have not already done so!
