Online Reviews for Reprint

As soon as I walked into Wellington Place at Rib Mountain, I noticed a drastic change in atmosphere. The brightness, smell, and overall cleanliness was very noticeable. The staff all had smiles on their faces and accommodated to my needs quickly. Approximately one year ago was the last time I was at Wellington Place until earlier this week.

Elizabeth and Q have done an amazing job creating a very welcoming environment. I would not hesitate to take a loved one to Wellington Place. To all the staff: keep up the good work, it doesn't go unnoticed!

MAY THE FOURTH BE WITH YOU!

"May the Fourth," also known as Star Wars Day, has become a global celebration of the beloved franchise. This date gained popularity in recent years, thanks to the resurgence of the **Star Wars** saga. The release of the latest trilogy, starting with *The Force Awakens*, and the success of the *Mandalorian* TV series—featuring the adorable and heroic Grogu—have sparked new and renewed fandom. George Lucas introduced the Star Wars Universe in 1977, with the aim of putting a fresh spin on the sci-fi genre by blending action, adventure, and romance. Whether you're planning a movie marathon, sharing some galactic trivia, or attending a local event or exhibit, don't forget to say, "**May the Fourth Be With You!**" on Star Wars Day, and "**Beware! Revenge of the Fifth!**"—a playful nod to May 5th, the day that follows, where fans continue the celebration of all things *Star Wars*!

Physical Therapy Making a Big Difference

It's been amazing to have different physical therapy agencies working with our residents. Each team brings something special, and together they've helped residents grow stronger, improve mobility, and regain independence.

We've seen real progress—residents are more active, confident, and enjoying a better quality of life. These partnerships are making a meaningful impact, and we're so grateful for the care and dedication each therapist brings to our community.
