MAY HOROSCOPE

In astrology, those born from May 1–20 have the star sign of the Bull of Taurus. Bulls show steady, dogged persistence. Once goals are reached, they enjoy being rewarded, especially with beauty and peace at home. Those born between May 21–31 are Gemini's Twins. Geminis love conversation, and they are good at it, too! Witty, intellectual, curious, charming, and imaginative, they're often the life of the party.

Happy Birthday
