SUMMER TIME FUN

Happy June! Summer is just around the corner, and so are many great events here at Waltonwood. To kick off the month, we will be cheering on the Holly Springs Salamanders Baseball Team at their game on June 11th. Hope to see you there for this fun filled outing!

Next, we will celebrate Father’s Day with our Father’s Day Dinner on June 11th. We invite you and your family to join us for a delicious meal prepared by our culinary team and live dinner music with Bill Mann. The Father’s Day celebrations will continue on June 12th with our Chilling and Grilling Social. We invite all the fathers of our community to join us for a grilled lunch and live music on the dining room deck. We look forward to honoring all the wonderful fathers in our community with both of these events.

Finally, to wrap up the month, we will be hosting our annual Camp Waltonwood on June 21st from 11am-1pm. This year’s theme is Bark in the Park, meaning all things dogs! We invite you, your children, grandchildren and great grandchildren ages 3-12 to join us for a pet the pup station, face painting, a bounce house, fire truck tour and more! Please RSVP at the front desk or by calling the community at 919-460-7330. You won’t want to miss this pup-tastic intergenerational event! I look forward to seeing you for all the fun as we dive into summer.

FOREVER FIT: PROPER POSTURE

A common concern for many seniors is age related changes in posture that many older individuals often experience. While bone loss, disk shrinkage and muscle loss are all common causes for changes in stature, small changes can help improve and, in some cases, reverse the effects of unwanted postural changes. If you're one of the many seniors currently experiencing an age-related symptom related to improper posture keep these tips in mind to improve the way you move and feel. Regular exercise with a focus on core strength including the abdominal, low back, hip and pelvic muscles can greatly improve postural health. Talk to your doctor about calcium and vitamin D supplementation to help with bone health. Practice better postural habits throughout the day. If you use a walking be sure it's set to the correct height to minimize hunching. If you sit for longs periods, get up regularly and take breaks. A more mindful approach can dramatically help your overall health.

EXECUTIVE DIRECTOR CORNER

Welcome June! We can't wait for summer vacation, cookouts, and fun!

Fitness Tip: Keep in mind with the increasing temperatures to stay cool during this summer season. Beat the heat with hydrating consistently, sit in shady spots, and limit time outdoors. And stay sun smart with applying sunscreen and wearing loose fitting clothing when outside. Let's all enjoy the summer time safely!

Thank you, Nadia Awah
