Walk to End Alzheimer's

We are participating and fundraising for the Walk to End Alzheimer's. Our local walk takes place Saturday, September 13, 2025 at the Shell Lake Community Center (200 W Lake Drive, Shell Lake, WI 54871). We invite you to join our team!

The Alzheimer's Association Walk to End Alzheimer's®! Walk is the largest event to raise funds and awareness for the care, support and research efforts of the Alzheimer's Association®. It's held annually in more than 600 communities nationwide.

Currently, more than 6 million Americans are living with Alzheimer's and over 11 million family and friends provide their unpaid care. We need your help to end this devastating disease. You can make an impact with a donation or even joining our team. Your kindness and generosity truly make a difference in the fight against Alzheimer's and all other dementia. Thank you for your support!

Thank You To Our Clinicians!

During a recent staff meeting, we took a moment to recognize the incredible clinicians on our home health team — both nurses and our physical and occupational therapy staff.

Recent patient feedback says it all:

Many patients shared that every team member they encountered was kind, supportive, and went above and beyond.

Several praised nurses for being informative, caring, and someone they looked forward to seeing.

Our physical and occupational therapists were described as wonderful, attentive, and consistently exceeding expectations.

Some patients even shared that they wouldn't have recovered without the care and encouragement of their clinicians.

Thank you to this outstanding team for the difference you make in people's lives every day. Your impact is deeply felt and truly appreciated.
