

WELCOME TO

# Deephaven Woods

## CONTACT US

Deephaven Woods is a beautifully designed senior living community nestled in a cozy, wooded setting in the historic lakeside community of Deephaven, just blocks from Lake Minnetonka. We offer Independent Living, Assisted Living, Memory Care, and Enhanced Care to meet the changing needs of our residents. Our Independent and Assisted Living apartments are designed to “age in place” so that residents remain in the same apartment without having to move if their needs change.

A PLACE TO CALL HOME

# A Caring Community

---

Deephaven Woods is a welcoming community where residents can find opportunities to enhance their lives including wellness programs, spiritual care, learning opportunities, concerts, movies, and book clubs. Intergenerational programming is also part of our community as we partner with local schools.

Deephaven Woods is located on the beautiful campus of St. Therese Church and School. Voices of children on the playground, intergenerational and spiritual opportunities, and watching the large community garden flourish are just a few of the wonderful benefits of our lovely and unique setting, which is located just blocks away from Lake Minnetonka.

## INDEPENDENT LIVING

Private, beautifully designed rental apartments offer worry-free living. Apartment amenities include a full kitchen, walk-in shower, and open floor plans. Balconies, patios, and washer/dryer are included in many of the apartments. Meal plans, heated garage and storage units are also available.

## ASSISTED LIVING

Individualized care plans are created for each resident to meet their unique needs, including assistance with personal care, daily activities, and other support services. Weekly housekeeping, laundry service, maintenance, safety checks and an emergency call system are part of the assisted living program. A very affordable, 3 meals/day plan is also available.

## MEMORY CARE

Deephaven Woods Memory Care Community is designed to ensure residents living with dementia and long-term memory loss receive exceptional, personalized care that meets each resident's individual needs. Our community offers private Memory Care studios and one-bedroom apartment-style suites in an environment that is designed to support and accommodate those in various stages of memory loss. Programs include engaging and creative activities, music presentations, and animal visits.

## ENHANCED CARE

As part of our continuum of care, Deephaven Woods offers state-of-the-art Enhanced Care for those needing higher levels of care. Deephaven Woods private Enhanced Care suites can be an alternative for residents needing more support than assisted living.
