Welcome Home

Grand Villa of Ocala is a peaceful, rustic, suburban community located in Ocala, the "Horse Capitol of the World" and is conveniently located close to excellent medical centers, shopping and a beautiful state park.

Grand Villa is designed to help you, or your loved one, get the most out of life! No long term contract is required. You have the freedom and independence you expect... with personalized support when you need it.

Grand Villa offers three different lifestyles: **Independent Living, Assisted Living** and our state of the art **Memory Care Neighborhood**.

Your Life, Your Way...

It's all about lifestyle and convenience here at Grand Villa. Plan your day YOUR way and leave the rest to us! We provide a lifestyle that promotes physical, mental, social, intellectual and spiritual well-being. Our community features comfortable living areas and a convenient onsite Beauty Salon. The dedicated support staff includes our full time Activities Coordinators, Resident Care Nurse and Resident Assistants. Our staff is at your service 24 hours a day and you are free to spend your day, doing what you enjoy.

"I don't worry about anything anymore. I have security, in other words."

Health and Wellness

We offer daily options including a variety of exercise programs and activities to promote flexibility, dexterity and movement.

Health and wellness services are available right here. General practitioners, podiatrists, dentists and optometrists visit Grand Villa regularly. Residents can make an appointment with a visiting physician, or schedule a free ride to visit a local doctor's office.

Our staff can coordinate other support services and supplies upon request. Home Health options such as registered nurses to assist with clinical needs, or aides to help with additional personal care— are available at your physician's request.

Grand Villa also offers a **Senior Day Program**, which family caregivers can use for their loved one while they are at work, or take a well-deserved break. **Short-term Stays** are also available. They are the perfect situation for someone recuperating from a hospital stay, who isn't ready to return home. Participants can experience all the amenities of our community for a few days, a week, or longer. It's also an easy way to test drive our community to determine if it's the right fit for you or a loved one.

Fitness classes are available at Grand Villa of Ocala.

Onsite, third party physical, speech and occupational therapy provide an ideal situation for residents who need therapy, but prefer not to travel to treatments.

Grand Villa offers a *unique* combination of state of the art care technologies which help us to provide the best possible care to our residents.

The Grand Difference

Our **Villa Care Technology**, part of the **Villa Care Program**, helps to create and communicate a detailed resident care plan including all activities of daily living, medications, dietary requirements and more. This unique **Resident Care Technology** includes state of the art **Medication Management**, which uses electronic medical records, medication ordering and delivery by a preferred provider, and the advanced system of alerts and reminders to improve accuracy and timely delivery of medication. The **Villa Care Portal** also sends automatic alerts, to all key personnel including the Executive Director, to ensure that all care and medications are provided on schedule, giving peace of mind to loved ones.

In our Memory Care Neighborhood we incorporate an additional, important safety feature. Our Safety Tracking System provides another level of safety and security to our residents, during those times when they leave the community for a doctor's appointment or for family outings.

Culinary Delights

Food is one of the great pleasures in life and Grand Villa offers many options when it comes to this favorite past time. Our chef and dining staff create delicious meals that are fun and nutritious. Several programs make dining at Grand Villa an enjoyable social event, including **Tasty Traditions, Passport Dining Experience, Theme Meals** and **Sundaes on Sundays**. Friends and neighbors gather together for good food and relaxed conversation. Or, enjoy a cup of coffee and a snack anytime of day, in the Café. Just pull up a chair and relax while we take care of the prep work and the cleanup.

“My father really enjoys the food. They prepare a very nice menu every day.”

“Life with a Purpose®”

Memory Care Neighborhood

Grand Villa offers a specially designed, exit controlled neighborhood where residents are free to explore, touch, and choose their own activities, allowing them to live *life with a purpose*.

The Memory Care program blends cutting edge technology with the most current research to create activities specifically designed for Alzheimer’s and dementia. Residents are involved in daily therapeutic and recreational activities such as music therapy, pet therapy, and sensory stimulation to encourage independence and preserve dignity.

Residents live in studios or one bedroom apartments which are comfortable and inviting. They are available as a private residence or as a companion apartment with a roommate.

Memory Care Life Skill Stations

Life Skill Stations recreate familiar situations from the past — like a baby nursery, a garden, an office, or a hobby workbench. Our residents become socially engaged in these familiar situations, which can sustain their memories, as well as provide them with cognitive exercises and physical movement.

Respite Stays

Short stays are available. Participants enjoy all the services, amenities and socialization benefits, while a family caregiver takes a break or a loved one needs to transition from hospital to home.

Dining Room in Memory Care

Life Skill Stations are areas with familiar tasks that put hand-eye coordination to use and are pleasant for Memory Care residents.

“Our focus here is Pride, Dignity and Respect for our residents. We listen to what the family member wants for their loved one.”

Activities Room at Grand Villa

Endlessly Entertaining

There's never a dull moment when you live at Grand Villa. Our full time Activities Coordinator plans activities, parties, classes, lectures and excursions that are entertaining and engaging. Music, trivia, arts and crafts, entertainment, and speakers are always on the schedule.

There are many choices at Grand Villa. You can play bridge, stroll in the courtyard, watch a movie, play a game of pool, attend a lecture or workshop, play bingo, surf the internet and much more. The choices are yours, and there are plenty of them.

"I like this place very much. There's a lot of companionship. There's always something to do."

Grand Villa Resident

Comfortable & Carefree

Our comfortable apartments are available as a private residence or as a companion apartment with a roommate. We offer Studios, One and Two Bedroom apartments. Each apartment is individually climate controlled. Kitchenettes include a refrigerator, sink and cabinet. There are many safety features, including an emergency call system, smoke detectors, fire alarm, a sprinkler system and more. You are as independent as you like, but help is just a call away.
